    C                          Dm      G7
A million moons,  over Ha wai      i
     Dm             G7        E7   C
A million tunes to lulla-by me.
      C7                            F
An endless garden paradise is mine.
          D7                                          Dm     G7
Where every flower reveals your face di-vine.

    C                          Dm     G7
A million lips, tenderly taunt me,
     Dm             G7                  E7   C
A million arms, show that they want me.
       C7
My eyes may doubt that this can be,
      F                     Fm
But in my heart, I'll always see,
   C                    Dm      G7
A million moons   Over Hawaii
